

The diagram shows a square layout for an album cover. It features a repeating pattern of yellow camera icons on a grey background. A large white square is centered, representing the cover area. Within this white square, there are three nested rectangles: a red line (outermost), a black line (middle), and a magenta line (innermost). Arrows point from the text labels to these lines. A horizontal double-headed arrow spans the width of the white square, and a vertical double-headed arrow spans its height.

RED LINE = bleed
BLACK LINE = finished page size / cut line
MAGENTA LINE = safety margins

FRONT COVER VISIBLE AREA

FRONT COVER VISIBLE AREA

BASIC cover for album 21x21 - v7

Please note:
the cover image must cover **THE WHOLE AREA** up to the red line (extend). If you add text or other elements that must be visible, please ensure that they are within the **MAGENTA LINE (safety margins)**. The cover image will be visible up to the **BLACK LINE** (cut line/fold).
