

RED LINE = bleed  
BLACK LINE = finished page size / cut line  
MAGENTA LINE = safety margins

The diagram shows a 21x21 album cover layout. It features a central white area with a repeating pattern of camera icons. This central area is enclosed by a magenta line (safety margins). A black line (finished page size / cut line) is positioned further out, and a red line (bleed) is the outermost boundary. Arrows indicate the extent of these lines. A horizontal arrow labeled 'FRONT COVER VISIBLE AREA' spans the width of the central white area. A vertical arrow labeled 'FRONT COVER VISIBLE AREA' spans the height of the central white area. A legend in the top left corner defines the lines: RED LINE = bleed, BLACK LINE = finished page size / cut line, and MAGENTA LINE = safety margins.

FRONT COVER VISIBLE AREA

FRONT COVER VISIBLE AREA

### BASIC cover for album 21x21 - v7

Please note:  
the cover image must cover **THE WHOLE AREA** up to the red line (extend). If you add text or other elements that must be visible, please ensure that they are within the **MAGENTA LINE (safety margins)**. The cover image will be visible up to the **BLACK LINE (cut line/fold)**.
